

Dear Members and Delegates

We are excited about the next EBA-ESA Congress that will take place in Spain, in the city of Reus on 23rd and 24th November.

We would like to welcome you to our country and enjoy this event all together. Concerning the bonsai exhibition, each country could exhibit 4 bonsai, but this number could be higher depending on the trees presented by the other countries.

We will send you the registration form for the exhibited trees in another mail.

Reus is a very well connected city within the rest of Europe both by plane and by highway. It is only 105 km from Barcelona by highway. There is an airport 3km to city centre with a few flight connections to some European cities. But the best option is Barcelona- El Prat airport which has all the flight routes.

For those professionals from your countries interested in the sales area, you could tell them that they can book 12m2 (4x3) for 420€ each stand. It is possible to book several stands together in the same area. For further information about the reservation for the sales area they can contact us in this email: eba.esa.reus2024@gmail.com.

These are some hotels in Reus:
